“ Governing Body

“ From the *Secretary's Desk*

It gives me great pleasure to present the **Annual Report 2024–25 of Citizens Foundation**. This year has been a remarkable journey of deepened commitment, strengthened partnerships, and impactful action across communities we serve.

Our work across **Health, Livelihood, Education, Natural Resource Management, Integrated Rural Development and Techno-Managerial Services** has continued to expand in scale and quality. Through collaborations with the Government of India, state governments, UN agencies, PSUs, corporates, and development partners, we reached thousands of households with services that enhance dignity, resilience, and self-reliance.

From operating community health centres, mobile medical units, and large-scale health camps, to improving Anganwadi centres and digital learning environments, our focus has remained on accessible and inclusive development. Our integrated rural development programmes in Assam, Sikkim, Arunachal Pradesh, Jharkhand, and Bihar strengthened livelihoods, women's empowerment, climate resilience, and grassroots governance. Through water conservation, renewable energy, and sustainable agriculture initiatives, we continued to build communities that can adapt and thrive.

Our techno-managerial services and policy initiatives further enabled evidence-driven planning and strengthened public systems, while the JSBB and “For You” movement nurtured creativity, compassion, and civic responsibility.

As we look ahead, our mission remains anchored in empowering communities to become self-reliant through sustainable and participatory development. I express my sincere gratitude to our partners, donors, government departments, community institutions, and our dedicated team for their unwavering support.

Together, we will continue to create opportunities, strengthen systems, and build a future where every individual can live with dignity and hope.

**GANESH
REDDY**

Secretary cum CEO

(GANESH REDDY)

Committed Towards SUSTAINABLE DEVELOPMENT GOALS

As a signatory of the 17 Sustainable Development Goals set by the United Nations to attain the dream of a completely sustainable society by 2030, Citizens Foundation is committed to ensuring the introduction and implementation of sustainable approach to everyday problems and their solutions. Our current projects, and ongoing areas of work, focus on the 17 SDGs, which are:

Goal 1:

End Poverty in all its forms everywhere

Goal 2:

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Goal 3:

Ensure healthy lives and promote well-being for all at all ages

Goal 4:

Ensure inclusive and quality education for all and promote lifelong learning

Goal 5:

Achieve gender equality and empower all women and girls

Goal 6:

Ensure access to water and sanitation for all

Goal 7:

Ensure access to affordable, reliable, sustainable and modern energy for all

Goal 8:

Promote inclusive and sustainable economic growth, employment and decent work for all

Goal 9:

Build resilient infrastructure, promote sustainable industrialization & foster innovation

Goal 10:

Reduce inequality within and among countries

Goal 11:

Make cities inclusive, safe, resilient and sustainable

Goal 12:

Ensure sustainable consumption and production patterns

Goal 13:

Take urgent action to combat climate change and its impacts

Goal 14:

Conserve and sustainably use the oceans, seas and marine resources

Goal 15:

Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss

Goal 16:

Promote just, peaceful and inclusive societies

Goal 17:

Revitalize the global partnership for sustainable development

“ About *Citizens* Foundation

Citizens Foundation is a national-level organisation that has been working since 1997 and obtained its legal status under the Societies Registration Act, 1860 on 20th February 2002. Since its inception, the organisation has been implementing cross-sectoral initiatives across Health, Livelihood, Natural Resource Management and Protection, Techno-Managerial Support, and Policy & Advocacy.

What began as a humble effort in Jharkhand has now expanded across multiple states—including Bihar, Chhattisgarh, Uttarakhand, Meghalaya, Sikkim, Manipur, Assam, Nagaland, Andhra Pradesh, Arunachal Pradesh, Odisha, and Haryana—reaching more than one million households.

Committed to advancing the Sustainable Development Goals (SDGs), Citizens Foundation continues to design and implement initiatives that create long-term, community-owned impact. Through strong partnerships with the Government of India, various State Governments, UN agencies, PSUs, corporates, and national and international organisations, Citizens Foundation strives to ensure that its programmes become self-sustaining, empowering communities with lasting change.

Vision: Making people self-reliant.

Mission: To promote self-reliance through sustainable actions.

संस्था

Transforming Rural Healthcare with Commitment and Impact

For over 28 years, Citizens Foundation has been at the forefront of advancing public health and community well-being, particularly across underserved regions of Bihar, Jharkhand, Assam, Meghalaya, Sikkim, Andhra Pradesh, and Haryana.

Through a combination of health centres, mobile medical units, health camps, and nutrition-focused interventions, the Foundation continues to make quality healthcare accessible to those who need it most.

Community Health Centre, Meghalaya

At Ichamati CHC in East Khasi Hills, Meghalaya, Citizens Foundation manages a 30-bed facility serving over 12,000 beneficiaries annually under the NRHM–Government of Meghalaya partnership since 2008.

The Centre provides 24x7 curative, preventive & promotive care, with an emphasis on maternal & family welfare.

Particulars (2024-25)	Figures

Developing and Upgrading 75 Anganwadi Centres

In collaboration with ONGC Foundation, Citizens Foundation has upgraded 75 Anganwadi Centres (AWCs) and enhanced the skills of Anganwadi workers across Jharkhand, Nagaland, Assam, and Andhra Pradesh.

The initiative strengthens early childhood care, improves nutrition, and builds community awareness.

Highlights

- ✓ 75 AWCs renovated across 70 villages, reaching 49,400+ people.
- ✓ Focus on nutrition awareness, kitchen gardens, and capacity-building workshops for Anganwadi workers.
- ✓ Promotion of sustainable solutions for maternal and child well-being.

Aarogya Project – Bokaro

In partnership with ESL Vedanta, Citizens Foundation implemented the AAROGYA Project to enhance healthcare access for marginalized communities in Bokaro.

The project integrates PHCs and Mobile Health Units (MHUs), offering screenings, diagnostics, and awareness programs to over 55,000 people.

- ✓ Health services were extended across 27 villages, ensuring wider healthcare access in remote areas.
- ✓ 13,773 households and a total population of 72,648 people came under the project's healthcare coverage.
- ✓ 197 OPD sessions were conducted, providing medical consultations to 7,826 patients.
- ✓ 4,902 laboratory tests were facilitated, enabling early diagnosis and improved treatment outcomes.
- ✓ 372 general health camps were organised, benefiting 16,990 community members, supported by the Mobile Medical Unit (MMU).

- ✓ Five specialized mega health camps were conducted, offering advanced medical services to 2,629 beneficiaries.
- ✓ Seven community awareness camps were held, reaching 423 participants with information on essential health, hygiene, and preventive care.

Kalyan Hospitals – Jharkhand

Citizens Foundation manages KALYAN Hospitals at Pathna (Sahibganj) and Barachiru (Chaibasa) with support from the Tribal Welfare Department, Government of Jharkhand.

These hospitals, established in 2018, provide free, high-quality healthcare to tribal and vulnerable populations, evolving into robust First Referral Units (FRUs).

Pathna Hospital (2024-25)

- ✓ Population covered: 81,940
- ✓ OPD: 36,403 | IPD: 2,331 | Lab Tests: 14,334
- ✓ Surgeries: 82 | ANC: 612 | Deliveries: 8
- ✓ Health Camps: 16 (982 beneficiaries)

Barachiru Hospital (2024-25)

- ✓ Population covered: 72,302
- ✓ OPD: 19,258
- ✓ Health Camps: 7 (753 beneficiaries)

Mega Health Camps – Jharkhand

With support from RITES Ltd., Citizens Foundation conducted free multi-specialty health camps across villages in East Singhbhum, Jharkhand, serving over 3 lakh people.

Specialists provided on-site diagnostics, consultations, and medications, with referrals for further treatment under Ayushman Bharat.

Particulars (2024-25)	Figures
Households	58,000
Population	310,000
OPD	4,809
Lab Tests	224
Health Camps	4
Camp Patients	4,809

Particulars (2024-25)	Figures
Households	20,000
Population	80,000
OPD	20,000

Medical Mobile Unit – Haryana

In partnership with Indian Oil Corporation Ltd., Citizens Foundation operated a Mobile Medical Unit serving 14 villages around the Panipat Refinery, delivering routine checkups, tests, and first-aid care.

Health Clinic at Nuh, Haryana

Under RITES Limited, Citizens Foundation operated a health clinic in Nuh district, Haryana, to improve access to essential healthcare services for underserved communities.

During the reporting period, the clinic provided comprehensive primary healthcare services, including Outpatient Department (OPD) consultations, Antenatal Care (ANC), Postnatal Care (PNC), and pathology testing. A total of 6,232 OPD consultations were conducted, along with 451 pathology tests. In addition, multiple health camps were organized, benefiting over 800 villagers through general health check-ups, early diagnosis, and preventive care services.

The initiative has significantly contributed to strengthening community health and improving access to quality healthcare in the region.

Sanjeevani – Clinic on Wheels

Launched in partnership with the SBI Foundation, the SBI–Sanjeevani Clinic on Wheels project delivers mobile primary healthcare services to underserved communities across rural Bihar & Jharkhand. By reaching directly into villages, the initiative ensures accessible care for vulnerable groups, including women, elderly populations, and individuals suffering from non-communicable diseases.

The programme works closely with local governance institutions and frontline health workers (ASHA, ANM, ICDS, VHNSC) to build a participatory system that strengthens rural health delivery and promotes long-term community wellbeing.

SANJEEVANI – CLINIC ON WHEELS, BHOJPUR, BIHAR

Key Interventions & Achievements:

- ✓ Reached 10,058 households covering a population of 76,243 people through the mobile healthcare initiative.
- ✓ 587 OPD sessions conducted, ensuring regular medical coverage in remote villages.
- ✓ 11,438 patients received OPD consultations, improving early diagnosis and treatment.
- ✓ 2,340 laboratory tests conducted, enabling better assessment of health conditions.
- ✓ 533 antenatal care (ANC) check-ups provided to pregnant women to support safe motherhood.
- ✓ 3 special health camps organized, focusing on priority health concerns.
- ✓ 482 patients benefitted from special health camps, gaining access to specialized medical services.
- ✓ 12 awareness camps conducted on health, hygiene, disease prevention, and community wellbeing.
- ✓ 948 participants engaged across all awareness camps.
- ✓ 5 Swachh Bharat / Special Day activities conducted, promoting cleanliness and behavioural change.
- ✓ 1,200 participants mobilized during Swachh Bharat and community-driven special activities.

SANJEEVANI – CLINIC ON WHEELS, DEOGHAR, JHARKHAND

Key Interventions & Achievements:

- ✓ Reached 3,474 households, ensuring last-mile healthcare access across the project area.
- ✓ Served a total population of 17,899, strengthening primary healthcare coverage.
- ✓ Conducted 471 OPD sessions, delivering doorstep medical consultation services.
- ✓ Facilitated 954 laboratory tests, enabling early diagnosis and timely treatment.
- ✓ Provided 954 ANC (Antenatal Care) services, supporting maternal health and safe pregnancies.
- ✓ Organised 471 health camps, offering regular general health check-ups within the community.

- ✓ Provided healthcare services to 6,784 patients through village-level medical camps.
- ✓ Conducted 4 specialised health camps, addressing specific medical needs with expert care.
- ✓ Benefitted 919 individuals through specialised health interventions.
- ✓ Organised 12 awareness camps, promoting preventive health behaviour and community wellbeing.
- ✓ Reached 3,725 participants through health and hygiene awareness sessions.
- ✓ Held 4 Swachh Bharat Abhiyan activities, reinforcing sanitation and cleanliness practices.
- ✓ Engaged 1,368 community members in cleanliness drives and hygiene promotion.

Integrated Rural Development

“ Integrated *Rural* Development

Empowering Rural Communities through Sustainable Development

Citizens Foundation continues its mission of transforming rural lives by addressing poverty, inequality, and livelihood challenges. With an inclusive and participatory approach, the Foundation focuses on building sustainable livelihoods, promoting economic resilience, and strengthening community institutions.

Our initiatives span across Jharkhand, Assam, Sikkim, Bihar, and Arunachal Pradesh, each tailored to local socio-economic and geographic realities. These efforts collectively contribute to advancing the Sustainable Development Goals (SDGs), especially those related to poverty eradication, gender equality, clean water, and decent work.

Holistic Rural Development Programme (HRDP)

In collaboration with HDFC Bank CSR under Project Parivartan

Under the CSR initiative of HDFC Bank, Citizens Foundation is implementing the Holistic Rural Development Programme (HRDP) across 15 villages in Assam, 10 villages in Sikkim, and 15 panchayats in Arunachal Pradesh. The program seeks to foster integrated and inclusive rural growth through community participation, livelihood enhancement, and infrastructure improvement.

HRDP-ASSAM

the CSR initiative of HDFC Bank, Citizens Foundation is implementing the Holistic Rural Development Programme (HRDP) across 15 villages in Assam, 10 villages in Sikkim, and 15 panchayats in Arunachal Pradesh. The program seeks to foster integrated and inclusive rural growth through community participation, livelihood enhancement, and infrastructure improvement.

Key Interventions and Achievements

Livelihood

- ✓ Livelihood promotion and skill development
- ✓ Natural resource management
- ✓ Infrastructure and renewable energy solutions
- ✓ Community empowerment and institution building

- ✓ 210 farmers were trained in Integrated Pest Management (IPM) through 6 farmer group sessions, enhancing sustainable and scientific farming practices.
- ✓ 28 farmers received support for the promotion of cash crops and horticulture across 7 farmer groups, helping diversify and improve household income.
- ✓ 10 individuals adopted compact pig-rearing units, strengthening sustainable livestock-based livelihoods.
- ✓ 30 women farmers were supported with Eri plantation, promoting climate-resilient income generation opportunities for women.
- ✓ 15 farmers received inputs for spice cultivation, enabling the adoption of high-value agricultural crops.
- ✓ 75 farmers adopted SRI (System of Rice Intensification), improving productivity and reducing input costs.
- ✓ The programme promoted medicinal and aromatic plants such as lemongrass, citronella, and vetiver among 62 beneficiaries across 15 farmer groups.
- ✓ A sustainable fabric production unit for Eri silk and banana fibre was established, benefiting 10 group members engaged in eco-friendly textile production.
- ✓ A sustainable feed production unit for pigs and cows was developed for 10 group beneficiaries, reducing feed cost and improving livestock health.
- ✓ A rural multi-purpose enterprise outlet was set up, supporting 10 group members in local entrepreneurship and market access.
- ✓ A stitch craft training centre was established, providing skill development opportunities to 10 participants (group-based).
- ✓ A sports arena was developed to empower rural youth, engaging 16 beneficiaries in regular sports and community events.
- ✓ Nutritional kitchen gardens were promoted among 75 women, improving household nutrition and access to fresh vegetables.
- ✓ Mushroom cultivation training and units benefited 30 group members, promoting an additional income stream.
- ✓ A steam distillation unit was established for extracting essential oils from lemongrass and other aromatic crops, benefiting 15 group members and enabling value addition at the village level.

Education

- ✓ Renovated 2 schools, improving learning infrastructure and benefitting 103 students.
- ✓ Installed 2 Smart Class units, enhancing digital learning access for the same 103 students across the project villages.

Health

- ✓ Renovated one Sub-Centre, improving access to basic health services for the entire village population across the project area.
- ✓ Organised 10 community awareness programmes by celebrating important national and thematic days, engaging 1,460 students, men, women, and youth in health, education, and social awareness activities.
- ✓ Provided 10 bicycles equipped with vaccine glove boxes to frontline health workers, strengthening last-mile vaccine delivery and improving outreach immunization services for 10 individual beneficiaries.

Natural Resource Management

- ✓ Installed 4 Solar-Based Sprinkler Irrigation Systems, benefitting 57 farmers through improved access to sustainable irrigation and enhanced agricultural productivity.
- ✓ Installed 120 Solar Street Lights across all project villages, ensuring safer mobility, improved night-time visibility, and enhanced community security for the entire population of the villages.

HRDP-SIKKIM

Across Sikkim, our integrated interventions strengthened livelihoods, education, and community resilience for over 1,000 households. Women advanced economically through BHOOMI, goatery, poultry, piggery, pisciculture, and Pashu Sathi Kendras, enabling more than 40 women and farmers to diversify income through sustainable enterprises. Education improved with upgraded infrastructure in four government schools, four new smart classrooms, and six renovated Anganwadi Centres—benefiting over 600 children. Menstrual hygiene awareness and sanitary pad vending machines supported 260 adolescent girls across five schools. Community wellbeing was further enhanced through open gyms, playgrounds, zero-waste systems, solar streetlights, and water solutions such as spring sheds and rainwater harvesting tanks. Solid waste management units and household toilets added dignity and safety, helping villages move toward a more resilient and sustainable future.

Key Interventions and Achievements

Livelihood

- ✓ 6 Skill Development Centers were established to support livelihood enhancement.
- ✓ Training was provided in a range of income-generating activities, including tailoring, beautician work, handicrafts, bamboo craft, driving, and basic computer skills.
- ✓ A total of 92 youth enrolled across different training programmes.
- ✓ 40 youth completed their skill development training successfully.
- ✓ 15 youth were trained and certified in driving.
- ✓ 40 women received training in tailoring and beautician trades.
- ✓ 20 artisans were trained in bamboo craft to promote eco-friendly livelihoods.
- ✓ The program supported 320 Self-Help Group (SHG) members through meetings, exposure visits, and capacity-building efforts.
- ✓ 33 SHG meetings and 2 exposure visits were facilitated to strengthen women's collectives.
- ✓ 55 SHG members received advanced training in enterprise development.
- ✓ 25 individuals received support for setting up micro-enterprises.
- ✓ 80 students were trained through career guidance and personality development sessions.
- ✓ 12 students received counselling support for higher education and career planning.

Health

- ✓ The project reached 1,723 households covering a population of 8,350 people.
- ✓ 8 health camps were organized to improve access to basic healthcare services.
- ✓ A total of 402 patients received consultations during these camps.
- ✓ Awareness activities were conducted on menstrual hygiene, including the installation of sanitary pad vending machines.

The HRDP initiative continues to nurture self-reliant, resilient, and empowered rural communities, setting a model for sustainable development in the North-East.

INTEGRATED VILLAGE DEVELOPMENT PROGRAM-MANDIA, ASSAM

The Integrated Village Development Program Supported by LTI Mindtree Foundation is a holistic effort to strengthen rural communities in Mandia by improving their environment, education, livelihoods, and health systems. The project works to build climate-resilient villages, enhance access to quality learning, promote sustainable farming and income generation, and ensure better health and sanitation services for all households.

Project Objectives:

- ✓ Improve agricultural production by 30% and rural incomes by 50%.
- ✓ Build farmers' skills and promote enterprises for sustainable livelihoods.
- ✓ Enhance women's participation in development activities.
- ✓ Improve key health indicators and ensure safe drinking water and sanitation for 60% of families.
- ✓ Strengthen livelihood opportunities for rural poor households.
- ✓ Increase school retention and completion to at least 75% among children.
- ✓ Promote clean energy and environmentally sustainable practices.

Key Interventions & Achievements:

Environment

- ✓ 100 school-going children received solar lamps, improving study hours and safety.
- ✓ 2 Integrated Agri Farms were set up with 55 farmers, strengthening diversified farming practices.
- ✓ 50 small and marginalized farmers adopted solanaceous crop cultivation for improved income.
- ✓ 30 farmers shifted to maize cultivation, encouraging crop diversification.

Empowerment

- ✓ 15 Village Development Committees were formed, engaging 150 community members in local governance.
- ✓ 2 Village Disaster Prevention & Control Committees were established with 45 trained members.

- ✓ 6 capacity-building trainings were conducted for VDC and VDPCC members.
- ✓ 3 farmer ToT programs trained 180 farmers on improved agricultural practices.
- ✓ 4 workshops for teachers strengthened quality education for 42 educators.
- ✓ 125 vulnerable households were marked for priority support using colour coding.
- ✓ 2 Custom Hiring Centres were established, offering tools and machinery access to 6,851 users.
- ✓ 15 VHSND camps were held, enabling health and nutrition services for 886 beneficiaries.
- ✓ 2 thresher machines were installed, supporting 1,531 farmers with paddy processing.

Education

- ✓ 12 high-school students received scholarships to continue their education.
- ✓ A computer lab at Mandia Girls High School was renovated, benefitting 427 students.
- ✓ A library upgrade at Garala High School supported 150 students with better learning resources.
- ✓ Two smart classrooms were set up in LP schools, enhancing digital learning for 150 young learners.
- ✓ Two LP schools at Bardaloni and Tedhara Gaon were renovated, improving infrastructure for 399 children.

Health & Nutrition

- ✓ 50 women farmers adopted nutrition gardening with seed and sapling support.
- ✓ The Health & Wellness Sub-Centre at Gopalpur was renovated, improving healthcare access for 1,700 residents.
- ✓ 3 Anganwadi/ICDS centres were renovated, creating child-friendly learning and nutrition spaces for 560 children.
- ✓ 12 health camps were conducted across 15 villages, delivering essential healthcare to 8,642 people.

INTEGRATED VILLAGE DEVELOPMENT PROGRAM–KHUNTI, JHARKHAND

The Integrated Village Development Program (IVDP) in Karra Block, Khunti District, Jharkhand, is a holistic effort to strengthen the socio-economic fabric of rural and tribal communities. Designed under NITI Aayog's Aspirational Block Program and supported by the CSR initiative of the LTIMindtree Foundation, the project aims to bridge long-standing gaps in agriculture, education, health, and livelihoods. Karra's tribal villages, dependent on farming, livestock, and forest-based work, continue to face challenges such as low productivity, inadequate services, and limited income opportunities.

IVDP works to address these gaps through targeted interventions focused on sustainable agriculture, improved learning environments, essential healthcare and nutrition, skill-based livelihoods, and better rural infrastructure. By integrating community participation with long-term development planning, the program strives to create resilient, self-reliant villages and ensure inclusive growth for the people of Karra Block.

Key Interventions & Achievements:

Environment

- ✓ Three earthen check dams with boulder pitching constructed, improving water availability and benefiting 459 farmers and livestock owners.
- ✓ Three farm ponds excavated, supporting 453 farmers and livestock owners with enhanced irrigation and water storage.
- ✓ Eleven farm wells renovated and rejuvenated, ensuring reliable water access for 506 community members and farmers.
- ✓ Drip irrigation systems installed for 6 farmers, promoting water-efficient agriculture and improved productivity for 60 beneficiaries.
- ✓ Solar home lighting provided to 150 households, enhancing energy access and improving quality of life in off-grid areas.
- ✓ 100 solar street lights installed, improving village safety and benefiting 410 community members.
- ✓ Five solar irrigation pump sets deployed, enabling sustainable irrigation and supporting 575 farmers.
- ✓ Two farmer training programs conducted on modern agricultural technologies, equipping 292 farmers with improved skills and practices.
- ✓ Field bunding completed on 15 hectares of farmland, strengthening soil and water conservation efforts for 174 farmers.

Empowerment

- ✓ Village Development Committees (VDCs) were formed in 20 villages, engaging and empowering 410 community members to lead local development initiatives.
- ✓ A Community Agri Resource Centre (CARC) was established, providing agricultural support services and benefiting 1,396 farmers through improved access to knowledge, inputs, and practices.
- ✓ Three goatery units (each with 1 male and 3 female goats) were promoted through SHGs, supporting 60 beneficiaries along with regular vaccination and health care.
- ✓ Three piggery units (1 male and 3 female pigs each) were introduced through SHGs, benefiting 60 members, improving household income opportunities.
- ✓ Scholarships were provided for 10 students to encourage excellence in sports, education, and cultural activities.
- ✓ Six Animal Health Camps were organized, delivering veterinary services to 1,022 livestock owners and improving livestock health and productivity.

Education

- ✓ A Digital Community Centre was set up, enabling access to digital services, learning, and information for 3,523 community members, including students, SHGs, women, and youth.
- ✓ Conducted awareness programs across 12 schools, engaging 950 students through celebrations of important days and thematic learning activities.
- ✓ Strengthened 20 School Management Committees (SMCs) by providing training and handholding support, benefiting 661 stakeholders including students, parents, teachers, and SMC members.
- ✓ Organized remedial classes for Class 9 and 10 students, supporting 92 learners to improve academic performance and exam readiness.
- ✓ Established a community library that provides access to learning resources for 820 users, including students, youth, adults, and elderly community members.
- ✓ Set up a Digital Centre cum Learning Centre, enabling 1,500 community members—students, SHGs, women, and others—to access digital tools, learning opportunities, and essential digital services.
- ✓ Digitalized four Anganwadi Centres, enhancing early childhood education and health services for 304 beneficiaries, including children (0–6 years), pregnant women, and lactating mothers.

Health & Nutrition

- ✓ Conducted a 5-day Health Check-up Camp, providing comprehensive health screening and counselling to 1,501 community members, including women, elderly, and vulnerable groups.
- ✓ Organised 5 Health Camps in collaboration with CHC/PHC, ensuring access to government health services for 936 villagers, strengthening linkages with the public health system.
- ✓ Promoted 375 Nutrition Gardens at the household level, enabling 1,420 families to access fresh, diverse vegetables and improve dietary intake.
- ✓ Formed and strengthened 20 Menstrual Hygiene Groups, empowering 500 adolescent girls with awareness on menstrual health, hygiene practices, and product usage.
- ✓ Upgraded 4 Anganwadi Centres by providing weighing machines, MUAC tapes, mats, learning kits and minor renovations, benefitting 304 children, pregnant women, and lactating mothers.
- ✓ Implemented NADEP-based Waste Management in 5 villages, engaging 325 farmers in sustainable composting practices that support organic farming and soil health.

SBI GRAM SEVA PROGRAMME-BIHAR

In partnership with SBI Foundation

The SBI Gram Seva Programme is being implemented in five villages of Bhojpur District, Bihar, with a focus on Integrated Rural Development. The three-year initiative emphasizes digital empowerment, WASH, education, women's development, and livelihood creation.

The program aims to build the capacity of local Gram Panchayats to sustain developmental momentum beyond the project duration, ensuring long-term self-reliance.

Key Interventions & Achievements:

- ✓ Reached 3,300 households covering a population of 40,800 individuals across the project villages.
- ✓ Supported 718 farmers through the Agriculture Tools Bank, improving access to essential farm equipment.
- ✓ Distributed wheat seeds to 88 farmers and kitchen-garden seeds to 59 households to enhance food security and nutrition.
- ✓ Strengthened women's empowerment through the Prerna Centre, enrolling 100 women/girls, of whom 93 successfully completed training.
- ✓ Facilitated digital access and services through GSKs, recording a footfall of 3,411 individuals.
- ✓ Improved learning outcomes by enrolling 667 students in remedial classes across project villages.

- ✓ Enhanced digital literacy through the Digital Learning Centre, with 16 students enrolled and 13 completing computer courses.
- ✓ Provided scholarships to 5 deserving students, supporting continued education.
- ✓ Promoted sustainable waste management by establishing 10 NADEP compost units at the community level.
- ✓ Repaired 4 community assets, including community wells ensuring access to safe drinking water and daily-use water needs.
- ✓ Strengthened water conservation through 4 rainwater harvesting and recharge structures in village high schools (except Prasounda).
- ✓ Supported 200 pregnant and lactating women with nutrition kits to promote maternal and child health.
- ✓ Enabled livelihood enhancement by distributing goats to 34 households.

Through this initiative, the Citizens Foundation promotes inclusive growth and strengthens village-level governance and livelihoods.

HRIDAY–HOLISTIC RURAL INITIATIVE FOR DEVELOPMENT ACTION AND YIELD

Supported by LIC Housing Finance Limited

Under the HRIDAY Project, Citizens Foundation is facilitating integrated village development in seven flood-prone villages of Algapur Block, Hailakandi District, Assam, benefiting over 7,000 rural families.

The project adopts a multi-dimensional approach, focusing on health, education, livelihoods, water and sanitation, renewable energy, and disaster resilience.

Empowerment

- ✓ Strengthened Village Development Committees (VDCs) across 7 villages, engaging 352 community members in improved local governance and planning.
- ✓ Conducted Menstrual Hygiene Management, WASH, and national day awareness programs benefiting 73 women and adolescent girls, including a mega blood donation drive.
- ✓ Organized general and specific health camps at regular intervals, providing healthcare access to 1,015 community members, including elders and lactating mothers.
- ✓ Upgraded 7 Anganwadi Centres by distributing weighing machines, digital writing pads, mats, and learning kits, benefiting 230 young children.
- ✓ Ensured safe drinking water facilities in 2 primary schools, benefiting 540 students and staff.

- ✓ Repaired 5 tubewells with high-rise platforms, restoring drinking water access for 250 households.
- ✓ Undertook model school development in 2 schools- introduced running water, toilets, basic renovation, and TLM- benefiting 370 students and teachers.
- ✓ Conducted remedial classes for students of classes 8, 9, and 10, supporting 30 learners academically.
- ✓ Completed mural paintings and renovation in 2 government-owned Anganwadi Centres, benefiting 125 community members.
- ✓ Supported piggery development for 3 women's groups, enhancing livelihoods of 9 households.
- ✓ Promoted poultry farming among 5 SHGs, benefiting 67 women.
- ✓ Established chick hatchery units to support unemployed youth and groups, benefiting 105 farmers across 7 villages.
- ✓ Distributed 10 e-rickshaws to SHG groups and individuals, supporting 37 beneficiaries with sustainable livelihood options.
- ✓ Promoted goat rearing among 7 SHGs, benefiting 73 members.
- ✓ Supported integrated fish-cum-duck farming for 5 SHGs, benefiting 54 members.
- ✓ Set up paper plate manufacturing units with 2 SHGs, benefiting 16 community members.
- ✓ Supported 70 fishermen with the distribution of fishing nets and drums to enhance their catch and livelihood security.
- ✓ Distributed 14 tailoring machines to SHGs and individuals, enabling 24 beneficiaries to start or expand income activities.
- ✓ Established 2 rice mills, benefiting 4 farmers with improved processing capacity.
- ✓ Promoted Biofloc-based fish breeding, benefiting 5 farmers with modern aquaculture methods.
- ✓ Installed Solar Irrigation System, improving irrigation access for 50 households.
- ✓ Promoted kitchen gardening among 210 community members, enhancing household nutrition and food security.
- ✓ Established 2 Common Hiring Centres for farmers, benefiting 185 farmers with shared access to agricultural tools and machinery.
- ✓ Installed rooftop solar PV system in a school, benefiting 350 students and teachers through sustainable energy use.
- ✓ Strengthened community-based flood management and disaster prevention committees across 7 villages, involving 203 community members.

Health

- ✓ Reached 2,624 households and a total population of 14,102, ensuring widespread community coverage under the HRIDAY initiative.
- ✓ Conducted 7 OPDs, providing essential primary healthcare services to residents across the project area.
- ✓ Organised 7 health camps, bringing diagnostic and consultation services directly to the community.
- ✓ Provided healthcare support to 1,015 patients through the health camps, enabling early detection and treatment of common ailments.
- ✓ Ensured continuous health outreach, even though no IPDs, lab tests, surgeries, pathology tests, ANC, or deliveries were required or reported during this period.

The HRIDAY project exemplifies how community participation and multi-sectoral integration can drive holistic and resilient rural transformation.

JHARKHAND JALCHHAJAN YOJNA (JJY), GUMLA

Under the Jharkhand Jalchhajan Yojna, Citizens Foundation has implemented extensive water conservation and management interventions in 14 villages of

Albert Ekka Jari Block, Gumla.

The initiative enhances soil and water retention through trench-cum-bund construction, field bunding, farm ponds, and dova creation, contributing to agricultural sustainability and water security.

Project: JJY-Gumla-01/2020-21 | FY 2023-24

Activity	Unit	Qty.	Size
Water Absorption Trench (WAT)	Ha	176	20'x3'x3'
Trench-cum-Bund (TCB)	Ha	421	20'x3'x2'
Field Bunding (FB)	Ha	79	20'x6'x1'
Earthen Check Dam	No.	2	50 & 55 mtr
Farm Pond	No.	53	100'x100'x12'
Dova	No.	23	60'x60'x12'

Through these interventions, the project strengthens climate resilience and ensures sustainable water management for farming communities.

“ Techno-Managerial Services

Driving Evidence-Based Development through Technical Expertise

At Citizens Foundation, our Techno-Managerial Services division serves as a vital knowledge and innovation hub, bridging the gap between research, policy, and implementation. We specialize in providing end-to-end technical, managerial, and analytical solutions to support sustainable and inclusive development. By collaborating with a diverse set of stakeholders—including corporate entities, UN agencies, bilateral partners, and government departments—the Foundation ensures that every project is grounded in data, efficiency, and long-term impact.

Our expertise spans across:

- ✓ Impact Assessments and Research Studies
- ✓ Socio-Economic Surveys and Technical Surveys
- ✓ Rehabilitation and Resettlement (R&R)
- ✓ Land Acquisition Planning and Implementation
- ✓ Project and Resource Management

These services are integral to ensuring that development initiatives are both scientifically sound and socially responsible, contributing directly to national and regional growth agendas.

“ For You Movement!

A Humanitarian and Environmental Movement

Launched in 2015, “FOR YOU” is a flagship social movement by Citizens Foundation that embodies the principles of Reduce, Reuse, Recycle, and Realise. This initiative promotes responsible consumption and collective compassion, encouraging individuals and organizations to contribute towards the well-being of underserved communities.

The movement mobilizes citizens to donate usable or new items—such as clothing, books, medicines, stationery, and toys—which are distributed among families living in remote villages and urban slums. These small acts of generosity have a profound impact, restoring dignity and joy to those deprived of essential needs.
